INTRODUCTION: NATIONAL PICKLEBALL DAY

Pickleball is the fastest-growing sport in Canada, with over 1.37 million Canadians playing at least once a month. It's a fun, inclusive, and rewarding activity that brings people of all ages together—making it the perfect sport for families to enjoy.

Pickleball Canada is proud to represent more than 80,000 members nationwide, supported by 11 Provincial and Territorial associations. As interest in the game continues to rise across the country, our community keeps growing stronger.

To celebrate this momentum, the second Saturday in August has been officially recognized as National Pickleball Day—a day to honour and promote the sport that connects us all. In 2026, National Pickleball Day will be held on Saturday, August 8.

This toolkit has been created to help you celebrate in your own way. Inside, you'll find logos, frames, and creative ideas to help you spread the word and show your pickleball pride.

We invite you to celebrate National Pickleball Day however it works best for you. Take photos and videos, and share your excitement with your community and with us at Pickleball Canada. Feel free to use logo and frames to help promote your events and activities.

National Pickleball Day 2024

Medicine Hat, Alberta

The Medicine Hat Pickleball Club hosted an Under the Lights Play at their club. They started the evening singing O Canada to honour National Pickleball Day. Their President made a few announcements and then they all drew numbers from 1-16 out of a hat. The women drew first in the order that they had signed up. Then the men drew numbers from 1-16 and that is how they determined partners. Play was sportsmanlike but competitive! Everyone brought a shareable snack and a beverage of choice for after the play was done and they had a great 70s and 80s music playlist to make it even more fun.

Alma, Quebec

The Alma Pickleball Club was very proud to participate in National Pickleball Day for the third consecutive year. The team at Alma Pickleball Club initiated around 20 new recruits during the event. They are more than happy to be added to the club's current 350 members.

This year, we took our players on a trip back to 1965 to mark not only Canada's National Pickleball Day, but also the 60th anniversary of the sport's invention. Each player enjoyed a game using classic wooden paddles—just like they did when pickleball first began. We wrapped up the day with a delicious corn boil and other fun games, making it a celebration to remember.

These social media frames can be layered on top of images to give a picture frame effect. A basic photo editing platform will allow you to upload your image and place the frame on top. As the background of the frame is transparent, your image will show through. The frame works best when layered over a square image of a similar size. Many photo editing platforms can be found for free online – we recommend Canva
